

WESSEX LOCAL DENTAL NETWORK EVENT

This event will provide you with an update on the future plans for Restorative Dentistry in Hampshire and Dorset. It will also provide an overview on the role of the head and neck multidisciplinary team at Poole Hospital.

TOPICS:

“The role of the General Dental Practitioner in the management of Oral and Head and Neck Cancer” .

This session will encompass referral, investigations, diagnosis and the MDT management including radio and chemotherapy, surgery and restorative dentistry with 3 hours vCPD towards the GDC oral cancer category.

- **Dr Joe Davies**, Consultant Clinical Oncologist
- **Dr Emma King**, Consultant ENT/Head and Neck Surgeon
- **Mr Simon Ellis**, Consultant in Restorative Dentistry & Oral Rehabilitation
- **Mr Parkash Ramchandani**, Consultant Maxillofacial/Head and Neck Surgeon

“The new Restorative Commissioning Document and what it means to Hampshire and Dorset” . Mr David Cheshire, Consultant in Restorative Dentistry

This session will outline the content of the new commissioning guide for restorative dentistry and define the provider structure.

“A General Dental Practitioners reflection into the ‘Dentist with a Special Interest in Periodontics’ Pilot of 2006” Robin Lesley, General Dental Practitioner.

This session will outline the role of a dentist with a special interest in Periodontics encompassing the training program, peer review process, audit, and tertiary back up to the Restorative Consultant and provide and insight into the benefit for personal development and to the individual practice.
